

Dezyder Polloi

Educational program: Mathematics BSc				
No.	Course / Subject	Year / Term	Form of Study	Class Type
1	Analytic Geometry	I/1	Correspondence	Lecture + Practical
2	Analytic Geometry	I/1	Full-time	Lecture + Practical
3	Elementary Mathematics	I/1	Correspondence	Lecture + Practical
4	Elementary Mathematics	I/1	Full-time	Lecture + Practical
5	Analytic Geometry	I/2	Correspondence	Lecture + Practical
6	Analytic Geometry	I/2	Full-time	Lecture + Practical
7	Elementary Mathematics	I/2	Correspondence	Lecture + Practical
8	Elementary Mathematics	I/2	Full-time	Lecture + Practical
9	Mathematical Analysis	II/4	Full-time	Practical
10	Theory of probability and mathematical statistics	III/5	Correspondence	Lecture + Practical
11	Theory of probability and mathematical statistics	III/5	Full-time	Lecture + Practical
12	Differential Equations	III/6	Full-time	Practical
13	Theory of probability and mathematical statistics	III/6	Correspondence	Lecture + Practical
14	Theory of probability and mathematical statistics	III/6	Full-time	Lecture + Practical
15	Additional sections of mathematical analysis	IV/8	Correspondence	Lecture + Practical
16	Additional sections of mathematical analysis	IV/8	Full-time	Lecture + Practical
